

PAUG-VIK INC. LTD. (PVIL)
2003 LAND USE PERMIT
REQUIREMENTS AND STIPULATIONS

GENERAL: PVIL owns approximately 130,000 acres of land in the Bristol Bay region. The permit authorizes entry upon unleased PVIL land only for subsistence and recreational purposes or professional guiding*. Trappers must secure a Trapping Access Permit prior to any trapping activity. No other commercial uses are allowed.

Any questions regarding location of PVIL land and easements should be directed to the General Manager. The permit is issued for the period from January 1, 2003 to December 31, 2003. The permit allows temporary use only. Monuments, markers, flags and signs shall not be disturbed. The permittee is responsible for clean-up of the area used and the site restored to its natural appearance. No permanent improvements may be made to PVIL land. Uses under this permit shall not interfere with any subsistence activities.

CAMPING: Private campsites will be occupied on a first-come, first-serve basis. The permit is intended for a single camp or no more than the number of people indicated or a family. Additional permits may be required for larger groups. All materials and supplies brought onto PVIL land must be removed upon cessation of camping. Each camping event is limited to seven consecutive nights, except "Visitor" permit holders are limited to no more than four consecutive nights. Existing campsites shall be used whenever possible, to limit vegetation damage. Campsites will be located at least 100 feet away from the banks of rivers and streams to limit erosion and vegetation damage.

COURTESY ZONES: Courtesy zones of 100 yards will be observed from boundaries of all valid existing properties of private landowners and PVIL lessees wherein Federal and State laws apply. Land ownership of particular locations may be obtained from the General Manager.

GARBAGE: All garbage shall be removed from the site upon departure of the permittee. Burying garbage is not permissible. Pack out what you bring in – this includes spent brass, shotgun shells and cigarette butts.

FIREWOOD: Timber that is dead and/or down is available for firewood. Cutting or removal of live trees and shrubs (including Christmas Trees or landscaping trees and shrubs) is expressly prohibited.

CAMPFIRES: Fires shall be contained (stove, campfire, pit, etc.). Stoves are often the best option – campfires, fire rings and wood collection can scar the backcountry. Use dead or downed wood that burns completely – wrist sized or smaller. Prevent forest or tundra fires – put campfires out completely. Remove trash from the fire ring.

FIREARMS: Use of firearms on PVIL land will be limited to that necessary for protection or lawful hunting. Firearms should not be discharged within 1/4 mile of campsites, trailheads, buildings, waysides, or roads.

WATER and SANITATION: Deposit human waste in catholes dug 4-8 inches deep at least 200 feet from water, camp or trails. Cover and disguise the cathole when finished. Do not leave toilet paper on the ground. Prevent water pollution by keeping soap out of water sources. Wash yourself or dishes away from streams and lakes.

FUEL: Fuel and other hazardous materials are permitted in small quantities for recreational purposes. Waste fuel or other hazardous material disposal is prohibited on PVIL lands. No fuel caches are allowed on PVIL lands. When storing and pouring fuel, use secondary containment, such as drip pans to prevent spillage onto bare soils. Any spill should be cleaned up immediately and reported to the Manager.

SAND & GRAVEL RESOURCES: Mining or extraction of sand and gravel is expressly prohibited. To obtain gravel, contact the General Manager.

CULTURAL & HISTORICAL RESOURCES: Leave historical and cultural artifacts as you found them.

MOTORIZED VEHICLES: On public State RS2477 and Federal ANCSA easements, such as the King Salmon Creek Trail, off-road vehicles (ORVs) and full size 4 x 4's are permitted. On private PVIL land and trails, such as the Pike Ridge Trail, motorized vehicles are limited to three and four-wheeled vehicles with a maximum empty weight of 650 pounds as listed by the manufacturer. Motorized vehicles are not allowed across open tundra, unless there is a solid blanket of sufficient snow cover to prevent vegetation damage. No track vehicles are allowed on PVIL land. Prevent erosion and trail widening by staying on designated trails and roads.

SNOWMOBILES: Operation of snowmobiles is allowed only when there is adequate snowcover to protect underlying vegetation and soils. Use is limited to snowmobiles less than 46 inches in width and less than 1,000 pounds in weight. Snowmobiles may not be used in a manner that harasses wildlife.

HUNTING/FISHING/TRAPPING: The permit provides hunting and fishing access on PVIL land, subject to all federal, state and local regulations. However, prior to any trapping activity, the permit and a PVIL Trapping Access Permit are required for entry.
